Anti Burst Therapy Ball

ABOUT THE EQUIPMENT : The balls are designed with an burst resistant design which increases the durability of the ball. They can be purchased a range of sizes.

WHERE FROM & COST: Sensory direct £14

IDEAS OF USE:

- Allow the child to push the ball against a surface
- Sit the child down and apply small amounts of deep pressure
- Let the child roll the ball around in a safe space

SAFETY MEASURES

- If the child is sat on the ball provide physical support where necessary
- Remove any hazards from the environment
- Regularly check the valve is placed in the ball as this could be a choking hazard

SIMILAR ITEMS, WHERE THEY ARE FROM & COST:

Squeezy balls set of 6 from Rompa £24

Gym ball or peanut ball Sensory direct £40
