Ear defenders

ABOUT THE EQUIPMENT : to be placed over the ears
to reduce sound

WHERE FROM & COST: sensory direct £11

IDEAS OF USE:

- Use at different times of the day during different activities. For example use when cooking as reduces the amount of sensory information
- Can allow for focus on other tasks

SAFETY MEASURES

- If there is danger in the environment and using verbal communication to inform than the child wont hear, putting them at risk
- Use under supervision to be aware of dangers which will be alerted through sound such as fire alarm
