

Dark Den Sensory Pod

ABOUT THE EQUIPMENT: The universe seems never-ending when you look inside this light up mirror! The Infinity Mirror is a calming and engaging optical illusion and is a fantastic toy for visual sensory stimulation. Set into the mirror are a series of LED lights which create the impression of a perpetual tunnel of light. The LEDs phase through a sequence of colours to create mesmerising and hypnotic effects. Battery-operated, the Infinity Mirror can be hung anywhere and won't get hot. A perfect mirror for your bedroom or sensory room.
