Headteacher: Mr Ed Francis

### ABOUT THE EQUIPMENT:

An interactive toy that can be activated by pressing the light-up buttons or spinning the shape spinner. Comes with a soft, crinkly ear and bat-at roller for little hands, plus a take-along handle and light-up belly. Activate fun lights, sounds and songs for a multi-sensory experience. This is a switch adapted toy so it can be operated by pushing big circular switches rather than the small buttons on the toy. This is great for developing cause and effect responses and working on motor skills.

### IDEAS FOR USE:

Use in your child's sensory den, bedroom, or just about anywhere.

Take with you when travelling.

Use to support learning numbers, shapes, counting, and developing fine motor skills.

Switches can be placed on a tray or table in front of child or moved to encourage use of non-preferred hand/ arm movement.

### WHERE FROM & COST:

EARLY LEARNING CENTRE £35.99

[www.elc.co.uk](http://www.elc.co.uk)

### SAFE USAGE:

Suitable for children 9months+.

Check routinely for damage such as sharp edges and loose parts.

Ensure battery compartment is correctly secured.

### SIMILAR ITEMS:

There are a range of Linkimals, including Cool Beats Penguin, Lights & Colours Llama, Musical Moose and Play Together Panda. Prices range from £21.99-£35.99.
