## SiliShapes Sensory Circles

**ABOUT THE EQUIPMENT :** TickiT SiliShapes Sensory Circle Set is a great way to inspire different vocabulary through touch .

**SUPER SOFT --** The ten textured circular discs are made from super-soft flexible silicone comprising of five large and five small circles.

**WASHABLE --** The circles can be washed by hand or popped in a dishwasher on a high temperature setting to clean them thoroughly.

**WHERE FROM & COST:** Amazon £49.99

**IDEAS OF USE: SENSORY EXPLORATION --** The large circles can be placed on the floor so your child can walk on them and use their feet to experience the different tactile surfaces.

A feely bag is supplied so that the small circles can be placed inside, and your child can guess the pattern or describe the texture by touch or find their favourite. The smaller sized ones are great for on the go.

### SAFETY MEASURES

Not suitable for children under 3 years. For use under adult supervision
