

### INJECTION

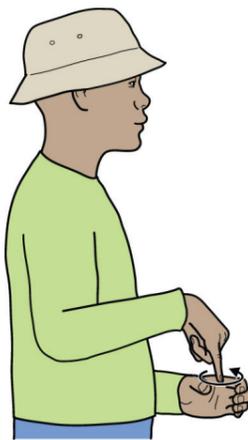

Working "L" hand moves to appropriate part of body; thumb mimes pressing in syringe.

### TABLET

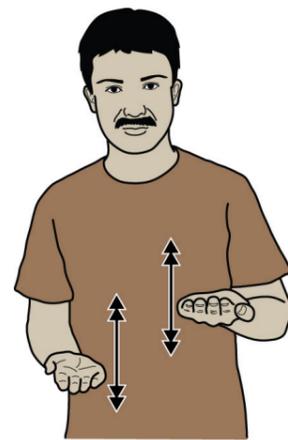

Working index hand traces small circle on supporting palm.

### MEDICINE

Supporting full "C" hand (palm in, pointing forward) in front of body; working little finger hand (palm back, pointing down) mimes stirring inside supporting "C".

### WEIGHT

Flat hands (palms up, pointing forward) move up and down alternately several times with shoulders hunched and eyebrows raised.

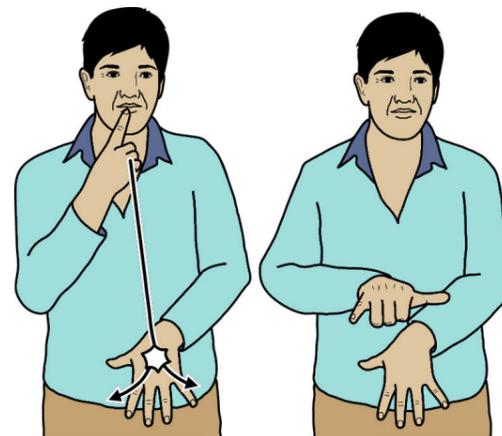

### WHERE DOES IT HURT?

Working clawed hand shakes above affected area. For example "period pain" hand will be in front of stomach.

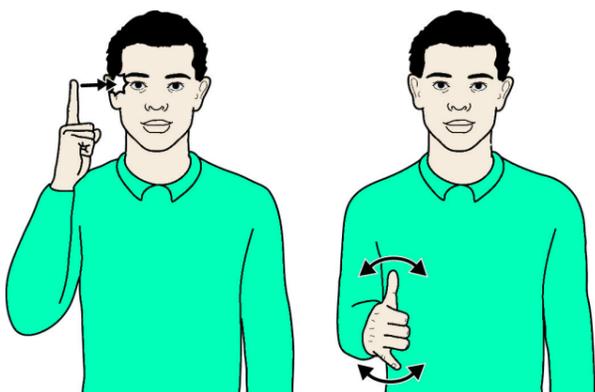

### BLOOD TEST

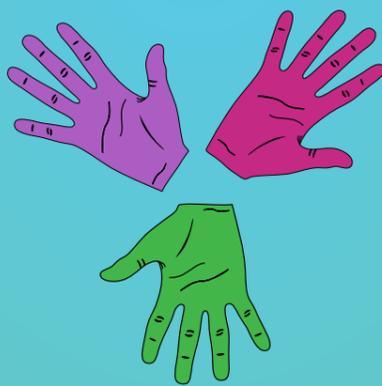

Working index touches lower lip; then working open hand rubs over back of supporting open hand (palm back, pointing down); working hand changes to "Y" hand (palm down, pointing forward) over supporting open hand.

# HEALTH

### EYE TEST

Working index (palm in, pointing up) taps at side of eye twice. Then working hand moves down and away changing to "Y" hand (palm in, pointing forward), wagging at wrist.

### HEARING TEST

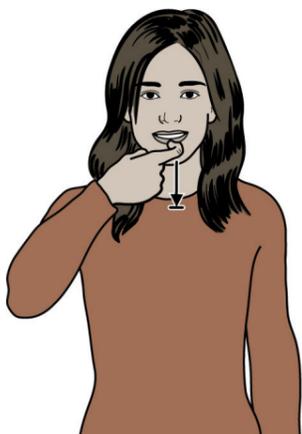

Working cupped hand (palm forward, pointing up) behind ear. Then working hand moves down and away changing to "Y" hand (palm in, pointing forward), wagging at wrist.

### DIET

Fingertips of working bunched hand (palm back, pointing up) touch face at side of mouth.

### DENTIST

Working "R" hand (palm back, pointing in) held in front of mouth, makes short, sharp movement down.

### BLOOD PRESSURE

Working full "C" hand (palm in, pointing forward) arcs across body to supporting upper arm and makes two light squeezing movements.

### INCONTINENCE

Working fist (palm back, pointing in) held in front of lower chest, moves down lower body changing to open hand (palm back, pointing in/down) repeating action several times.
