### Vibrating Massage Pillow

**ABOUT THE EQUIPMENT :** Used for sensory and tactile input, a comfortable and convenient way to provide soothing and regulating effects to any part of your body. Vibration has many therapeutic uses in particular, children with sensory processing disorders enjoy, and often need or crave, the input these massage pillows provide. Light and portable the cushion is filled with high density sponge for support and comfort. There is an On/Off switch on the front of the cushion and the massage affect is triggered by squeezing or sitting on the cushion making it a great "cause and effect" tool.
