Soft and Snuggly Weighted Lap Pad

ABOUT THE EQUIPMENT : Without weight and feedback, those who are sensory seeking find it difficult to relax. The weight in the Lap Pads applies pressure to the touch receptors in the muscles, joints and ligaments imparting a soothing and calming effect. Weighted Lap Pads can help; Promote a calming effect, Encourage relaxation and better sleep, Provide a safe and effective therapeutic solution, Prevent melt-downs and repetitive behaviours, Relieve anxiety and stress, Ease transitions, Help focus attention and reduce fidgeting

WHERE FROM & COST: www.sensorydirect.com,
£41.95

SAFE USAGE:

- Always use under supervision
- Do not wear for long periods of time as this can lead to under-responsiveness
- Always seek professional advice before purchasing or using weighted items
