Introduction of **Seesaw** for Home-School Communication

Dear Parents and Carers,

We are excited to announce that from September we will be introducing Seesaw as our new home-school communication platform. This will replace the current home-school diary system and will help us to share information more efficiently, securely and consistently.

Seesaw is a user-friendly app that allows the school and families to communicate, share updates and celebrate learning in a safe online environment. We believe this change will strengthen communication and provide you with a clearer window into your child's school experience.

Through Seesaw, you will be able to:

- Receive important messages and announcements from your child's class and the school
- See weekly photos of your child's learning and experiences in school and share photos of your child's milestones at home
- Respond to messages from the class teacher and update the class teacher with important information regarding your child
- Send messages to school staff where appropriate

Further information on how to access and use Seesaw will be shared before the start of term, including login details and guidance. In the meantime, it would be helpful if you could download the app to your mobile device.

We are excited about the opportunities Seesaw will bring and look forward to working with you to support your child's learning and development.

If you have any questions, please do not hesitate to contact the school office.

Yours sincerely,

Lara Collingwood
