

Dear Parents and Carers,

We are delighted to share some exciting changes to our assemblies this year, which will provide more opportunities for us to celebrate our children's achievements and welcome families into school.

Headteacher Awards Assembly

From this term, our Headteacher Awards Assembly will take place once a month, on a Wednesday, in the Upper Hall at 9:30am. The first assembly will be held on Wednesday 14th October.

These assemblies will provide an opportunity to celebrate the many successes and achievements of our children. Each month, class teams will nominate children who have demonstrated a particular achievement, such as excellent effort, progress, resilience, independence or kindness.

We are committed to ensuring that every child is recognised and celebrated during their time at school. Therefore, over the course of the year, every child will receive a Headteacher Award for their unique achievements and contributions.

To make these celebrations even more special, the parents and carers of children receiving an award each month will be invited to attend the assembly and celebrate alongside their child. Families will be notified by 28th September if their child has been selected to receive an award at the first assembly.

Future Autumn Term Headteacher Awards Assemblies will take place on 11th November and 9th December.

Class Assemblies

We are also pleased to introduce Class Assemblies, which will begin on Wednesday 21st October at 9:30am in the Upper Hall. Class assemblies will also take place once a month on a Wednesday.

Our class assemblies will be presented by two or three classes working together, providing opportunities for children to collaborate, build confidence and share their learning experiences with families. Parents and carers will be invited to attend their child's class assembly.

The first classes to present their assemblies will be Class 9 and Class 20. On 18th November, the class assemblies will be presented by Classes 2 and 12, and on 16th December, by Classes 13 and 19.

We are very much looking forward to welcoming families into school and celebrating the wonderful achievements of our children together.

Kind regards,

Updates
